Wednesday Night Live Training

- Step 1- Attend and Record
  - Record in Camtasia
  - See instructions
- Step 2- Cook and Load
  - Create a 640 x 480 full-frame mp4
  - Create an mp3 of the training
  - Run mp4 through Handbrake software
  - Load optimized Handbrake file to Amazon S3
- Step 3- Create Wordpress Page
  - Copy information for the speaker from the promotion page
  - http://nams.ws/live
  - Use EasyVideoPlayer to size the video
  - Grab a screen shot to use as the splash page
    - Size = 565 Px wide and depth = as necessary based on video capture (aspect ratio needs to be the same)
  - Use EasyVideoPlayer Plugin to create the Video Player on the site.
- Setp 4 Set up following week
  - TBD
